

24 March 2020

Dear Colleague

As a provider of termination of pregnancy services and during these unprecedented times I wanted to contact you in order to offer our services to your CCG / Trust.

Currently all our clinics where possible are running as planned this is for both early medical and surgical termination of pregnancy, this is in line with the NICE abortion care guidelines and the recently published RCOG / BSACP / FSRH / RCM guidelines on abortions during COVID-19 pandemic. Of course as you can appreciate this may change on daily basis due to our own staffing levels, but our primary aim is to continue to provide services.

With the above in mind we are happy to further support the NHS and help alleviate pressure from local hospitals by offering availability to all patients who require medical or surgical termination of pregnancy.

Our call centre is open 24 hours a day for patients to self-refer or GP referral – 0345 300 8090

Please feel free to share this information with your colleagues. I am happy to discuss any of the above in further detail should you feel this will help alleviate pressures in these times.

Yours sincerely

Suzanne Dickinson  
Head of Business Development
